Ban Asbestos in SE Asia: Solidarity Tour 2018

Union Aid Abroad - APHEDA is running a solidarity tour in September 2018 to give Australian unionists and members the opportunity to observe the campaign and meet key activists and leaders in the movement to ban asbestos in Vietnam and Indonesia. The campaign is at an exciting point in the region and there has been progress towards bans and the recognition of the dangers of asbestos.

When? [UPDATED DATES]

24 September to 3 October 2018 starting in Hanoi and ending in Jakarta

Vietnam

In January 2018 the Prime Minister of Vietnam announced that the country must ban asbestos in the construction sector by 2023 at the latest. This is a fantastic step that has spurred momentum across the Mekong Region. Unfortunately the asbestos industry is pushing back by lobbying governments on the 'safe use' of asbestos. Campaigners in Vietnam are trying to bring the ban forward to 2020.

Indonesia

In 2016 Indonesian campaigners successfully supported a worker in an asbestos factory to win compensation for Asbestos Related Diseases for the first time. Union Aid Abroad's partner organisation LION (Local Initiative for OSH Network) and Indonesia Ban Asbestos Network (Ina-Ban) are campaigning to raise awareness of the dangers of asbestos and win a ban across the country. The campaign is growing; however activists and unions face opposition and misinformation from the asbestos lobby.

Study tour aims to

- Connect Australian unionists with campaigners and unionists in our region
- Develop understanding of the campaigns to stop asbestos
- Support the campaigns in the Mekong region and Indonesia
- Build international solidarity

Activities during the study tour include:

- Meeting with frontline unions and community organisations that are campaigning to ban asbestos in the Mekong region and Indonesia.
- Having a close look at campaigns in Vietnam and Indonesia by visiting victims' groups (Indonesia), unions, campaigning organisations, Ministry representatives and attending local events
- Observing local alternatives to asbestos and projects that have replaced dangerous asbestos products to make buildings and workplaces safer.

Who

Union Aid Abroad - APHEDA is inviting key unions around the country to be involved in the Solidarity tour by nominating a participant. There will also be opportunities for activists or members who have an interest in learning more and supporting the campaign.
